## **Our Image:**

The University Maine at Fort Kent Athletic Department is invested and proactive with the image that it projects on campus and throughout the community. As student-athletes, you are visible and recognized as leaders and representatives of UMFK and within the community of Fort Kent, Maine as well as the many places that you travel with your respective team. In accepting your role as a UMFK student-athlete you are accepting the responsibility to represent UMFK at a high standard of personal conduct and appropriate manner. The opportunity to be a student-athlete is a great privilege.

It is our expectation that you make special efforts to establish exemplary and cooperative relations with your fellow students, faculty and staff, and within the community. You are ambassadors for our athletic program and the University.

## **Conduct and Behavior:**

Student-Athletes who break the UMFK Athletics Code of Conduct will face disciplinary action. The athletic department reserves the right to impose additional sanctions regarding athletic participation upon student-athletes, who by university proceedings, have been placed on disciplinary penalty status. In general, any student athlete who is charged in a student judicial proceeding shall be dealt with on a case by case basis. Athletic department sanctions may be imposed by the Director of Athletics, independent of the decision reached in the student judicial process.

The athletic department and the head coach of your sport reserve the right to impose discipline penalty upon student-athletes for behavior unbecoming of a UMFK student-athlete. It is expected that all UMFK Athletes, whether in uniform or spectating, will stand for any and all national anthems during all home and away games. Failure to comply with this expectation could result in disciplinary proceedings under the UMFK Student Athletic Handbook.

## **Disciplinary issues that may arise in athletics may fall into one of the following categories:**

- Failure to meet eligibility requirements for athletic participation
- Fraudulent misrepresentation of any information by the student-athlete
- Serious misconduct (in athletics or as a general student, on or off campus)
- Failure to meet academic advisory standards, including failure to report dropping of a class
- Voluntary non-participation
- Failure to comply with team or athletic department rules

## **Disciplinary Procedures:**

Disciplinary actions taken by the University of Maine at Fort Kent Athletic Department may be in addition to, in conjunction with or distinct from those taken by the University of Maine at Fort Kent Student Affairs Office.

If a student-athlete is involved in any violations outlined in the Code of Student Conduct, the head coach of that team and the Director of Athletics will determine whether the circumstances warrant dismissal from the squad or suspension of the student-athlete from practice and/or game competition. Other consequences may include: verbal reprimand, written reprimand, loss of athletic scholarship, or referral for mandatory evaluation and counseling as a condition of continued participation. All student-athletes are expected to follow the coaches' instructions regarding practice, discipline and team matters.

If a student-athlete does not agree with the disciplinary sanctions, the student must request a meeting with the head coach. Student-athletes are permitted one appellate meeting only with the head coach following imposition of athletic sanctions. If the student-athlete has remaining concerns after meeting with his/her head coach, the student may meet with the Director of Athletics for a second appellate hearing. The Athletic Director may include other staff members in the 2<sup>nd</sup> appellate hearing. Upon completion of the second appellate hearing, a non-appealable decision will be rendered by the Director of Athletics. If the Director of Athletics is also the Head Coach of the team, the second appellate hearing will be conducted by one or both Assistant Athletic Directors.

### **In each case of disciplinary action, the head coach will do the following:**

1. Verbally notify the student-athlete that he/she has failed to meet a specific standard.
2. Follow up with a written documentation of the transgression, specifying which standard had not been met, both in general representation, as well as explanation of the specific action/inaction on the part of the student-athlete which brought about the disciplinary action.
3. The written document will define the terms of the disciplinary action, including the length of any suspension which might be imposed, expectations for corrective action to be taken, and other sanctions which might be imposed.
4. During the time period in which the disciplinary action is in place, regular, or planned meetings may be conducted between the student-athlete and the coach to assess progress toward meeting the expectations for corrective action.
5. If there is termination of the disciplinary action, a final meeting will take place to lift any sanctions and plot a course for future behavior.
6. The head coach will provide documentation of the termination of the disciplinary action to the student-athlete.
7. Copies of all correspondence regarding the disciplinary action will be submitted to the Director of Athletics.

8. All disciplinary meetings will be conducted by the head coach and/or Director of Athletics, student-athlete, in conjunction with another UMFK Athletic Department Staff member.

### **University Regulations Regarding Student Conduct:**

UMFK student-athletes are responsible for understanding the laws of Maine and the United States of America. Student-athletes are expected and are required to abide by the laws of the State of Maine, the United States, and the rules and regulations of UMFK. Student-athletes will conduct themselves in accordance with accepted standards of social behavior, to respect the rights of others, and to refrain from any conduct which tends to obstruct the work of the University. This includes the Regulations Regarding Student Conduct. A student-athlete who violates these general standards of conduct may be subject to administrative actions and/or disciplinary penalties.

A complete list and explanation of definitions and disciplinary penalties can be found in the Student Conduct Code. These regulations apply to all students, including student-athletes. Student-athletes may also be subject to additional disciplinary action, determined by the head coach or athletic director.

### **Anti-Hazing Policy:**

University Maine at Fort Kent is committed to providing the best learning atmosphere for our student athletes. Hazing activities are inconsistent with our educational mission and will not be tolerated in the athletic program. It is also a violation of Maine law. In addition, sanctions may be imposed by the Office of the Dean of Students and/or by the Director of Athletics. **Hazing is defined as “forcing or requiring another person; (1) with or without the consent of the other person and; (2) as a condition of association with a group or organization; to perform an act that creates a substantial risk of bodily injury; (3) to persecute to harass with meaningless, difficult or humiliating tasks to initiate by exacting humiliating performance from or playing rough practical jokes upon.”** UMFK Athletic Program will not tolerate actions by athletes that recklessly or intentionally endanger the mental or physical health or safety of a student-athlete. This includes, but is not limited to: paddling, beating, branding, exposure to the elements, forced consumption of food or drink, forced conduct resulting in extreme embarrassment, or any other conduct which could adversely affect the mental health or dignity of another individual. Disciplinary action will be taken against students who plan, encourage, or engage in hazing activities. Athletic program employees who permit, encourage or tolerate hazing will be subject to discipline.

**Travel Rules:**

UMFK student-athletes are always representing their program, athletic department and university as a whole when traveling. While traveling on official University trips, all University policies shall be adhered to. Athletes are under the direction of the coaching staff at all times. UMFK Athletics will require respectable appearance in dress or designate travel attire to promote uniformity and publicize UMFK athletics. Particular attention to appearance and behavior is expected in public dining establishments and at hotels. Individual sport coaches may have additional rules and regulations regarding team travel. UMFK Athletic Department strongly encourages all UMFK student-athletes to possess and maintain a valid International Passport.

**Relationship with UMFK Athletic Staff:**

The relationship between student-athlete and coach is strictly professional. This includes relationships with administrative staff, head coaches and assistant coaches. Any breech of this relationship is to be reported to the Director of Athletics and will be dealt with on a case-by-case basis.

**Relationship with Game Officials:**

Officials will be treated with courtesy and respect. Any critique of the officials' performance shall come from the coaching staff and not from the student-athletes.

**Relation with News Media:**

The public impression of our athletic program is often that which is read and heard via news media. The University expends effort and funds to provide positive information regarding the University and its programs to media persons.

**Athletes are expected to cooperate with media personnel. The following guidelines are offered to aid in relations with press:**

1. All contact with media regarding UMFK Athletics is to be reported to and coordinated with the Sports Information Office, Head Coach and/or Athletic Director.
2. You have a responsibility to your institution, your coaches, and teammates to cooperate with the media. The fans for the university and from your hometown would like to hear about your intercollegiate experience.
3. The opportunity to deal with the press is a learning experience in developing communication skills which can be helpful not only during your intercollegiate experience, but in future professional and business careers.
4. It is important to be on time for scheduled personal interviews or in returning telephone calls arranged by the Sports Information Director. All telephone interviews should be arranged through the Sports Information Office. If you encounter problems with the scheduled appointment, the Sports Information Office should be notified.
5. You should not answer a question if you do not wish to respond to it. A proper response might be, "I'd rather not discuss that subject."

6. Summarize the interview and seek counsel with Sports Information Office personnel if you feel uncomfortable with the questions, answers, or general tone of an interview. Report any uneasiness or dissatisfaction with the outcome of an interview (i.e., the printed article, video segment, or audio presentation) to the Sports Information Office.
7. The image of you, the team or the institution by the media will be developed by the impressions made through an interview, feature story and your personal self-decorum.
8. Student-athletes will make only positive comments about UMFK, their team, teammates, coaching staff, opponents and officials to the media and on any and all social networks (Facebook, Twitter, etc..) See below **Social Networking** policy for more.

### **Social Networking:**

Social networking sites such as Facebook, Twitter and YouTube are valuable tools for communication in today's world. While there are many positive uses for this technology, it is important to consider the potential consequences that may arise when using these sites irresponsibly. UMFK does not prohibit its athletes from participating in these sites, however, it is important to remember the following guidelines as you use social networking sites:

- Understand that any material posted online is available to anyone in the world. Texts or photos placed online are completely out of your control the instant they are posted - even if you have limited access to your site. This information can be used in a number of unintended ways that can lead to scrutiny from the media while also possibly negatively influencing other parties such as potential future employers. Student-athletes should understand today's posts will write tomorrow's resume for any potential employer.
  - Campus officials and police can use the posted material for disciplinary proceedings in the event a crime has been committed (i.e. harassment, threats and underage drinking).
  - For your safety, it is strongly recommended that you use good judgment and prudence when posting information, photos or other items online that could embarrass you, your team or UMFK. This includes those items that are posted by others on your page. Also keep in mind that posted items on others' pages can also create a negative effect for the student-athlete. If a post is made that could potentially harm you and/or UMFK Athletics please report it immediately to your Coach and the Director of Athletics.
  - Exercise caution when posting personal information online in any capacity. Information such as your home address, local address, phone numbers and social security number should not be posted online.
- As a student/athlete at UMFK it is your responsibility to make sure that posts on social network sites meet UMFK standards of conduct. You may be asked to remove post, failure to do so or repeated infractions will result in the enforcement of penalties of stated in Athletic Handbook.

A student who is absent may be denied credit for work missed.

All student/athletes are required to have personal insurance that covers up to a \$25,000 limit. All UMFK students will be enrolled in UMFK health insurance plan unless verification of personal insurance is submitted. Student should check with the UMFK business office for premium rates. To provide efficient and expedient processing of all medical claims submitted to the University insurance carrier, it is imperative that athletes follow the steps outlined below:

1. All athletes must have on file the form entitled "Other Insurance Questionnaire." This form must be filled out at the beginning of the school year prior to athletic participation by any athlete. This form is available from Athletic Training Office in the Athletic Department.
2. Any injury incurred due to participation in intercollegiate athletics is to be reported immediately to the coach or athletic trainer. No injury is insignificant. Please advise the athletic trainer or coach of chronic symptoms also as they may be indicative of a medical problem requiring attention at a later date. To better service an insurance claim in such a situation, records showing early signs or the onset of the problem are very helpful.
3. Failure to report athletic injuries in a timely manner, which includes, the conclusion of a season, may negatively affect insurance coverage.
4. If the injury is severe enough to require medical treatment, you must first file the claim with your primary insurance.
5. If you have any outstanding bills after your insurance has acted upon the claim, come to the Athletic Training Office during regular office hours. Please retain all paperwork received from your insurance carrier and itemized bills from the doctor as they will be needed for filing with UMFK's insurance.

Athletes are expected to utilize facilities and equipment in a proper manner and to abide by all policies and regulations regarding the usage of athletic facilities and equipment. Particular attention is directed to the overall cleanliness and maintenance of the facilities which includes team locker rooms. All student-athletes can contribute to a safe and clean environment by following good housekeeping procedures and setting an example of such for the general student population utilizing athletic facilities and equipment for recreation and intramural activities.
